IMPORTANT MESSAGE
For Natural Gas Emergencies or suspected gas leaks in your area, call our 24-hour Emergency Telephone Number: 800.427.2883. Natural gas has been known to leak into buildings by following other utility lines and underground structures - even if the building does not have gas service.

We reserve the right to possibly process your check electronically. Funds may clear faster and you will not receive a copy of your check with your bank statement.

AUTOPAY

AUTOPAY provides a **free** and safe way to pay your bill by automatically deducting the bill amount from your checking or savings account. Visit www.chpkgas.com then click on EZ-BILLING to sign up and enroll in AutoPay.

BILLING PERIOD

EXPLANATION OF TERMS USED ON YOUR BILL
This is the period of time from the date your meter was read last month until the date it was read this month.

METER READINGS

When our meter reader comes to your house, they read your meter and record the reading. When you subtract last month's reading from this month's reading, you know how much gas you used. All meter readings are actual unless circumstances prevented the meter from being read. In this case, the present reading will be estimated, and your bill will be adjusted after the next meter reading.

RATE

How you use your gas determines the rate at which you are billed. Most residences are RSH for heating or RSO for uses other than heating. A detailed explanation of our rates is available upon request.

CCF'S USED

A CCF is one hundred cubic feet. This is the way gas is measured when it goes through your meter.

GSR

The gas sales service rate, or GSR, represents the cost of natural gas received from our suppliers. The GSR goes up if our suppliers charge us more; it goes down if they charge us less. You are charged a GSR only for the gas that you use.

For information about our Pipeline Safety and Public Awareness Program call: **800.427.2883**
Pursuant to the Department of Transportation, **CHESAPEAKE UTILITIES CORPORATION** must inform each customer of the following information:

- (1) All gas piping beyond the outlet side of the gas meter is considered customer-owned piping. Chesapeake Utilities does NOT perform maintenance, or line marking in advance of construction, on or near customer-owned piping because it is considered the customer's responsibility.
- (2) If the customer's buried piping is not maintained, it may be subject to the potential hazards of corrosion and leakage.
- (3) Buried gas piping should be:
 - (A) Periodically inspected for leaks.
 - (B) Periodically inspected for corrosion if the piping is metallic.
 - (C) Repaired if any unsafe condition is discovered.
- (4) When excavating near buried gas piping, the piping should be located in advance, and the excavation done by hand.
- (5) Plumbers and heating contractors can assist in locating, inspecting, and repairing the customer's buried piping.

If you entered information below, you MUST check the box on the front of the return stub.
